Fupete - *Jolly Roger*

09.09.2009 - 09.10.2009

Première exposition personnelle à Paris / First solo show in Paris
VERNISSAGE / OPENING : 09 sept 2009 - 19.00h

« Pas de quartier » pour l'artiste italien Fupete qui s'approprie l'espace de la galerie Since et hisse à sa manière le pavillon du Jolly Roger. A la suite d'une résidence/performance de cinq jours dans l'artspace d'Upian, Fupete présentera tout au long du mois de septembre peintures, sculptures et dessins : un rituel inconnu à la conquête d'un trésor, une nouvelle action de liberté, une autre évolution comme des indices à une recherche sur l'altérité. Cacophonie de personnages, signes antiques et mots magiques : les esprits de la piraterie s'échaufferont sur de nouveaux horizons propres à l'univers coloré et abstrait de l'artiste. Fupete est designer et illustrateur. Vit et travaille en Toscane.

First solo exhibition in Paris of Fupete presents a new serie of abstract paintings and an exclusive installation inspired by piracy. In "Jolly Roger", Fupete will raise his black flag, painted with skull and crossed bones, in order to conduct his art-vessel to conquer new horizons: a cacophony of characters, colors, ancient signs and magic words bursting from his artworks will fulfill the artspace.

Fupete is an italian born artist, designer and illustrator currently living in the countryside of Tuscany.
